

The Benefits of Reading to Children

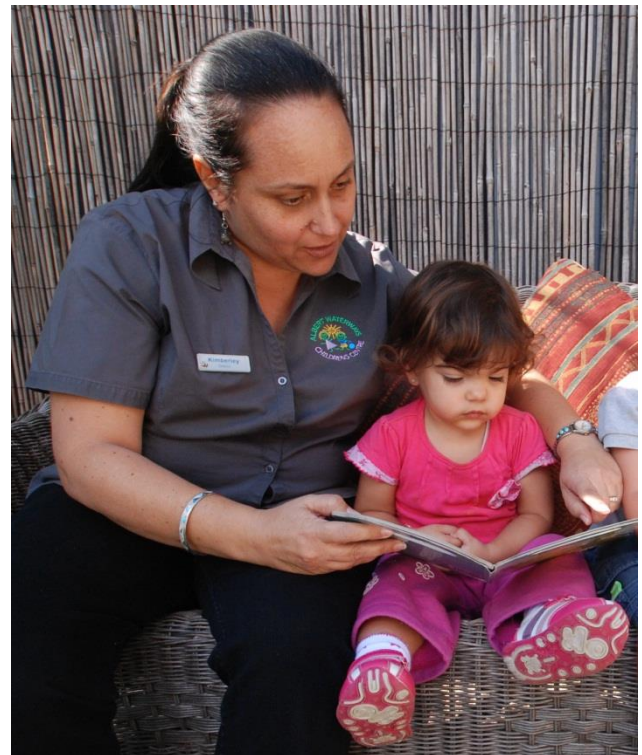

You are your child's first teacher.

Join us for a one hour presentation on the benefits of reading to children.

We will explore how reading to children each day can

- Improve their brain development
- Increase their literacy skills
- Increase their language skills
- Create a loving, nurturing environment
- Create a love of books and reading to last a lifetime.

We will also be discussing some tips and strategies to make reading an enjoyable and relaxing experience between child and caregiver, especially if you're not a reader yourself, or feel you don't have enough time in the day to devote to reading.
